

Implementing Education for Enterprise in your School Curriculum

	Now	In the Future
What school documents outline the focus on Education for Enterprise?		
Who will lead Education for Enterprise in the school?		
Who on the staff might be interested in being in a lead group to develop a school approach to Education for Enterprise?		
What is the most appropriate Education for Enterprise model for this school? (Read some of the case studies of different approaches.)		
How do learning area outcomes incorporate Education for Enterprise teaching and learning approaches?		
What external business and community groups are already working with students and teachers on Education for Enterprise approaches?
