

Pedagogical Scan of School

Use this template to scan the skills, knowledge and confidence of your teachers to implement an Education for Enterprise approach to teaching and learning.

	Yes	No
Do our teachers have the skills, knowledge and confidence to develop teaching and learning programmes in Education for Enterprise?		
Do our teachers have the skills, knowledge and confidence to allow our students to exercise personal and shared responsibility, rather than being dependent on the teacher to solve problems and resolve issues?		
Do our teachers have the skills, knowledge, confidence and time to build relationships with the wider community?		
Do our teachers have the skills, knowledge and confidence to assess their students in authentic contexts beyond the school?		
Do our teachers have the skills, knowledge and confidence to give their students continuous opportunities to critically evaluate and reflect on their learning?		
Do our teachers have the skills, knowledge and confidence to challenge their students and arouse curiosity through the use of Education for Enterprise contexts?
